Your taste still burns my tongue
Your scent still lingers in my lungs
Your blood still sings that melody
A song that is written just for me

Right or Wrong
Now that you're gone
I can't live, I can't live
If I can't touch you with my fingertips
I can't live, I can't live
In a world where, a world where
You don't exist.

I'm possessed and I can't turn back now
I'm possessed, you own me inside out
I'm dead without the breath you breathe
Your life will be the death of me

Right or Wrong
Now that you're gone
I can't live, I can't live
If I can't touch you with my fingertips
I can't live, I can't live
In a world where, a world where
You don't exist.
