"I Love You"

I love you
Hums the April breeze
I love you
Echoes the Hill
I love you
The golden dawn agrees
As once more she sees daffodils
It's spring again
And birds are on the wing again
Start to sing again the old melody
I love you
The golden dawn agrees
And it all belongs to you and me

[...improvisation/scatting...]

It's spring again
And birds are on the wing again
Start to sing again the old melody
I...I...I...I love you
The golden dawn agrees
And it all belongs to you and me

[...improvisation/scatting...]
