Nearer, nearer to you
I found that it's true that I'm feeling
Closer, closer by far
I found that we are getting closer

I'm nearer to you
Everyday I'm missing you so
Darling I know how you're feeling
I see you so clear in my mind
It's strange how I find that I'm moving

Nearer to you
It's strange but it's true
My world would turn blue
Without you
So come what may
I'll stay nearer to you

Nearer to you
Come what may
The things that you do
Everyday
I'm nearer to you
Come what may

Let me love you
Love you tonight
You'll see that I'm right when I'm saying
That love has brought us this far
You know that we are getting nearer
I'm nearer to you
It's strange but it's true
My world would turn blue
Without you
So come what may I'll stay nearer to you

Nearer to you
Come what may
The things that you do
Everyday
Nearer to you
Come what may

Nearer to you
Come what may
It's strange but it's true
All the way
