Let me be  
On a mission to your heart  
On a journey to your soul  
Let me walk by your side  
Let me be  
Dedicated to your needs  
Silent when you breathe  
Let me be

Let me be  
In the skylark and the stream  
In the meadow rich and green.  
Let me lay by your side.  
Let me be  
In the whisper in the trees  
Gentle like the breeze  
Let me be

And if we find life's mercy  
We'll shelter and run from the rain  
And maybe somehow somewhere  
Heaven will find us again.

In the east  
As we journey on our way  
At the dawning of the day  
Let me be by your side  
Travel on through  
The gardens and the groves  
In the cardamom and cloves  
Let me be

Golden brown  
Heady fragrance all around  
An intoxicating sound  
Let me drown in your love  
Take me back  
Where no frozen heart remains  
No sorrow and shame  
Let me be

And if we find life's mercy  
We'll shelter and run from the rain.  
And maybe somehow some way  
Heaven will find us again

Let me be  
On mission to your heart  
On a journey to your soul  
Let me walk by your side  
Let me be  
Dedicated to your needs  
Silent when you breathe  
Let me be.
