"Be Still"

back from heaven only moments ago
and my heart has grown cold again
seems i'm swayed by just the slightest of winds
from devotion to doubt again

but the love that you gave to me
comes with a guarantee

when the sunset's gone and the flowers fade
when the new day dawns and it looks like rain
when the starry heavens seem so far away
i can still hear your song as it whispers on
"be still"

reaching backwards for the warmth
i once had
but it slips from my hands again
meanwhile you wait in the hear and the now
never quite minding how i feel

yea the love that you gave to me
it comes with a guarantee

when the sunset's gone and the flowers fade
when the new day dawns and it looks like rain
when the starry heavens seem so far away
i can still hear your song as it whispers on
"be still"
