I guess Iâ€™m learning  
What you have taught me all along  
To trust you  
Though they arenâ€™t listening  
To trust you  
Though Iâ€™m too tired to sing my song

I guess Iâ€™m learning  
Just how much my opinion counts  
Just trust you  
Though I donâ€™t feel like I belong  
Just trust you  
I will not write an angry song

You come quickly now  
And take me home with you

I see what I need  
Is to just let go of it all  
And trust you  
Despite what i think you will do  
Just trust you  
Far less of me, far more of you
