How long? How long to wait when my heart's ready to
break?

How long? How long to stand when I don't know who I
am?

Would you be my lover if I had no love
And no beauty to speak of?
Would you still be faithful if I had no faith
And I questioned everything?
Amen

What then if I turned away and in darkness hid my
face?
Would you leave me then?
Or would you draw me to yourself again?

Would you be my lover if I had no love
And no beauty to speak of?
Would you still be faithful if I had no faith
And I questioned everything?
Amen

What love is this? What love is this,
That will never change? That could never change?
What love is this? What love is this,
That remains the same? It remains the same\\

Amen.
