"Hollow Men"

I remember, just last spring
Here inside of my memory, I sing
All around me, hollow men
Chilling at the thought of falling in
Oh my lord, oh my lord

Take me over and under her sun cause I won't be
coming back
To Fading stars of death kingdom
No I won't be coming back
Oh my lord, running circles with you love

It's so hard for me to think of you
Here in this dead land, full of death
My heart is beating fast, with tenderness

Oh my love, oh my love
Take me over and under her sun cause I won't be
coming back
To Fading stars of death kingdom
No I won't be coming back

Oh my lord,
Please Come save, save me from love
Please
Come save me, save me from love
Take me over and under her sun cause I won't be
coming back
