Painted a picture of how it's supposed to turn out, turn out

Down in a cold, dirty well and I cannot climb out, climb out

Can't see no light, can't hear no bells

They walk right over me, can't hear my yells

They state me missing and search all over the town

Oh, look left and then right

But they'll never look down, don't look down

Dig me my grave

I won't be saved

No, I won't be saved

So dig me my grave

Helpless, hopeless, cold and lonely

Only you can save me now

Trembling and shivering

Scared, I want this all to end

If only you could hear me now

My mind is spinning around and around and around

Hey, yeah, I'm on my way down, on my way d-d-down

Louder I yell, the deeper I sink

Closer to hell, far from my instincts

Oh, helpless, hopeless, cold and lonely

Only you can save me now

Trembling and shivering

Scared, I want this all to end

If only you could hear me n-n-now now

I'm on my way down

I'm on the way down

I'm on the way down

I'm on my way down

And I will never feel that beat again

Oh no, no and I will never see the light

And I will never hear those bells ringing, no

Helpless, hopeless, cold and lonely
Only you can save me now
Trembling and shivering
Scared, I want this all to end
If only you could hear me n-n-now now

Hey, I'm on my way d-d-down
My way d-d-down, hey my way down
My way down, my way down
My way down, my way down

Dig me my grave
I won't be saved
I won't be saved
So dig me my grave

Down in a cold, dirty well and I cannot climb out
