And so it comes to this, my love
This honesty
I'm lying dead here in your arms
But miles away
And I have given all that I am
To earn my place
Even my secret stones
The ones that I had saved

[Chorus]
You said you never asked to see
This hollow shell that's left of me
But I leave to you my legacy

And as I fed your hungry soul
With all my river's flow
We were a sight to see
A wonder to behold
And I could see that fear in your movements
That I might fade away
I wonder sometimes does fear scream louder
While I remain

[Chorus]
You said you never meant to be
The keeper of what's left of me
But I leave to you my legacy

You said you never asked to see
This hollow shell that's left of me
But I leave to you my legacy

You said you never meant to be
The keeper of what's left of me
But I leave to you my legacy

And all that I am
And all that I've known
And all that I can give
And all I've shown
And all my flesh, and all my bone
Everything and everything

Everything and everything
Everything
