So we rose up to glory
We almost arrived
And we finally believed
We were coming to life
Was it too much to ask for
When I fell to my knees
Or were we just easy
A little too easy to please
Easy to please

[Chorus]

Ooo
Let's keep this between me and you
They say misery loves company
And I guess that it's true
So I'd rather be
Still lonely with you

And I know you've been trying, my love
To get deeper inside
And parade through the barricades
To find all the places
I like to hide
Well a part of me might be
Still deep under the ground
Or maybe you've already seen
All that I've ever found
I've ever found

[Chorus]

Ooo
Let's keep this between me and you
They say misery loves company
And I guess that it's true
So I'd rather be
Still lonely with you

Holding on
We're drifting at sea
Holding on
To you holding me
Holding on

We're drifting at sea
Holding on
Drifting

[Chorus]

Ooo
Let's keep this between me and you
They say misery loves company
And I guess that it's true
Oh and I'd rather be
Yeah I'd rather be
Still I'd rather be
Ooo I'd rather be
Still lonely with you
