if genocide is good for the economy, then i am for it!
if genocide is bad for the economy, then i'm against it!
if healthcare for all is good for the economy, then i am
for it!
if healthcare for all is bad for the economy, then i'm
against it!
if enviromental devastation is good for the economy,
then i am for it!
if enviromental devastation is bad for the economy,
then im against it!
if going to war is good for the economy, then i am for
it!
if going to war is bad for the economy, then im against
it!

this country's gears can't slow down
at any cost to anyone they must sound
banker's fortunes and power cravings too
to this machine are bound

so this country's gears can't slow down

they keep selling us a rotten deal, and im getting more
than sick of it
because the suffering it brings, far outweighs the
minor benifits
the death of our health, the death of our dreams,
the death of this world that we lease
the death of breathing life back into the long dead
corpse we once called "peace
