She was just a girl, a girl named Katie with a suntan
A golden smile and no plans, sittin' by the pool with her
girlfriends
It was just the end of one of those summers that was
endless
And noting but fun, and then this cool breeze came
and blew me away

She took my hand and dragged me into the five and
dime
Slipped some quarters in the photo booth, ooh, ooh
She pulled the curtain back, smile boy smile boy

Talk about a perfect moment
(Perfect moment)
Kissing me, kissing me out of the blue
Two by two snap shot, photo booth

It was just a kiss
Could have meant nothing but it didn't
Little bit crazy little reckless
Left me breathless blew me away

She wrote our names right there on the back of that
black and white
Sittin' inside of that photo booth, ooh, ooh
She drew a crooked heart, smile boy, smile boy

Talk about a perfect moment
(Perfect moment)
Kissing me, kissing me out of the blue
With a two by two snap shot, photo booth

Four little pictures of an angel looking my way
That's what I call a good day
She took my hand

She took my hand and dragged me down to the five
and dime
Slipped some quarters in the photo booth, ooh, ooh
She Pulled the curtain back, smile boy, smile boy

Talk about a perfect moment
(Perfect moment)
Kissing me, kissing me out of the blue
She was kissing me kissing me out of the blue
In that photo booth

She took my hand
In that photo booth
