Itz how we do, what we do man... when we do what we  
do..  
Hey, what. rock this shit.. wut!  
[justin timberlake]  
I know you see me lookin, girl gon wanna act right  
A little closer let me see you in the spotlight  
Now turn around and let me see just what cha curve  
like  
Go grab ya friends and yall could come to the back  
(ohhh)  
Why don't you take a sip up on this champagne  
Relax {relax} Take ya coat off and let me get ya name  
I love that hour glass shape you got up on that frame  
I like the way you talk ya game we might be one in the  
same  
Now I know you got a buzz of that alcohol  
I got a house that could entertain all of yall  
Maybe later on I'll give you a phone call  
I'm bout to slide out but I'll get back at ya (ohhh)  
And when I call don't give me the run around  
I ain't gonna have ya try and play me like a silly clown  
Don't second guess it girl there ain't nothin to think  
about  
Ya got me fiendin' but girl you don't hear me

CHORUS:

Little lady (lady lady)  
Ya got me just {screwed up}  
Off of ya melody  
Little later (later later)  
Come on and don't {chop me up}  
Please don't make a fool of me  
Little lady (later later)  
Ya got me just (screwed up)  
Off of ya melody

Easy baby (baby baby)  
Come on girl don't (chop me up)  
Please don't make a fool of me

[timbaland]

Ya kinda cute baby are you new in town  
My name is Timb aka Thomas Crown  
I heard ya lost, do you know your way around  
If ya got a problem baby I could hold you down (ohhh)  
I can be ya navigator or ya compass  
Better yet a genie baby, make ya first wish  
You the party baby, I'm just the guest list  
I think I need some tylenol you got me restless  
So grab ya friends and let's take ya back to my hive  
Lets watch sex in the city or desperate housewives  
Simon says touch yours while you touch mine  
Parental discretion is advised (ohhh)  
Yall could be the star in my fickys spot light  
Studio fifty four if we get the props right  
All we need right now is a little bit little bit of act right  
Yall lookin shy but yall act like yall don't hear me

CHORUS

Little lady {lady lady}  
Ya got me just {screwed up}  
Off of ya melody  
Little later {later later}  
Come on and don't {chop me up}  
Please don't make a fool of me  
Little lady {lady lady}  
Ya got me just {screwed up}  
Off of ya melody  
Easy baby {baby baby}  
Come on girl don't {chop me up}  
Please don't make a fool of me

[Three6Mafia]

See girl you stronger than the strongest drug I ever  
had  
You could mix 'em all together you still be twice as bad  
'Cause you the worst best girlfriend I ever had  
Harder to kick than cigarettes and green thangs  
Harder to escape than jail cells and bill payers  
You had me lost since the minute girl in pig tails  
Like Michael Jackson, "how you do me this way?"  
Got me cryin' rivers like Timbaland and Timberlake,  
yeah  
They call me Juicy J straight up out the Three 6 Mafia  
Ghetto fab playa on these streets Im tryin to holla at ya  
Quit playing games girl you got my head spinnin round  
I ain't trip your mobile phone and chase you all over

town

I just want to pick you up and take you to resting nest  
(smacking sound) Is it good? (smacking sound) Is it  
good?

And have a little smack fest

So if you never call me I'll be somewhere down in  
Tennessee

Washing away my sorrows in a cold cup of Hennessy

CHORUS:

Little lady {lady lady}

Ya got me just {screwed up}

Off of ya melody

Little later {later later}

Come on and don't {chop me up}

Please don't make a fool of me

Little lady {lady lady}

Ya got me just {screwed up}

Off of ya melody

Easy baby {baby baby}

Come on girl don't {chop me up}

Please don't make a fool of me

Screwed up

Chop me up

Screwed up

Screwed up off of ya melody

Chop me up please don't make a fool of me
