Ow oh oh oh oh yeah  
Oh you're already here  
Haven't seen you for a couple of days  
So let me tell you something

And when I start taking my clothes off  
Touching myself and taking a shower  
I wanna be alone and I dont need a girl  
To feel the way I wanna feel

And I dont want you to feel the way I feel  
I just wanna have some fun with a couple of guys  
My touch is just a body language  
So exciting so inviting  
Wanna go I just need oh

And when I say so you say no  
And when I say no you say so  
Just better you would say  
Hey baby boy you're sexy

But you keep saying  
You're a little bit sassy  
sissy boy come to me  
Oh you melt in my arm like a butter ah

(Chorus)  
Tryin' to keep you  
Don't want you to disappear  
Just tryin' to catch your smell  
Your voice is just so mellow

Why are your steps so..? Hallow!  
Dont know if you're a girl  
And I don't even care  
Come and touch touch me closer

One more time twice  
I don't wanna dance  
Make no scence  
Do you hear my lamentation?

How? Keep me in your arms  
Just put your hand on my chest  
And tell me what you feel  
Just look in my eyes

And tell me what you see  
That silence between us will be for a while  
And you know what I mean  
And you know what I have seen  
Haven't seen you for a couple of days  
So let me tell you something

Let me touch you with my finger tips  
Let me shake my hips  
Am I about lips?  
Chocolate sticks

Just lose control  
And follow my lead  
(Chorus 2x)  
Come closer closer yo come closer
