Don't need no maybelline cuz you a beauty queen
Don't need no laureal cuz bitch ya bad as hell
If i'm cassanova than your a supernova

The way you watch me put it down girl

Chilla chin cuz that of cinnamon go more crazy
Hey ba ba ba ba ba ba baby
You're the one I've been feenin for
When I'm dreamin I'm dreamin of ya
When you're gone I've been screamin for ya
So why won't ya be my chick and stuff
Take ya out to dinner catch a flick and stuff
Get to spend time I never get enough
You so fine make a dark brother blush
Got me lookin like a black wreath and stuff
First time I seen ya had to give me crush
And if you ever give it to me give it to me rough
You got me sayin

You got me sayin
Damn girl
You're so fine
The way you watch me put it down girl
Just blows my mind
So nowl guess I gotta put it down tonight
