(Yeah)  
They don't know  
(They don't know)  
were we'll go  
(were we'll go)  
till its going away and hmm  
(going away and hmm)  
cuz they don't know(they don't  
know) were we'll go  
(were we'll go)  
till its going away and hmm(going away and hmm)

(Yeah)  
I got a lot of doubt, that i'll be running out, that  
should be running around  
so why don't you just take it away from me  
Take it away from me yeah  
don't know we're going out  
but i can't go without  
and I am slowing down  
so why you don't just take it away from me  
(yeah)  
take it away from me (yeah)

cuz i've been lost  
you know my love  
I never thought,she would give up  
and now i'm all by myself  
this time,this time  
ah ah ahh

cuz they don't know(they don't  
know) were we'll go  
(were we'll go)  
till its going away and hmm  
(going away and hmm)  
cuz they don't know(they don't  
know) were we'll go  
(were we'll go)  
till its going away and hmm(going away and hmm)

Yea Yo!

Iâ€™m in a different world and i got to get out  
cuz shes down and now and thatâ€™s not  
what i missing enought  
friger than itâ€™s cold  
like Iâ€™m living in the blizzard wow  
how can I get back from this place  
that have ones found  
with in my mouth Iâ€™m loosing time  
I must move on and pain ugh,  
picture how i feel it not than i will drove aline  
she was more than mine  
but i have to let her go  
cuz when you love everything  
that you wonâ€™t  
you must know that thereâ€™s no control  
so I say a little bit of my own  
dignity and I write this song  
hopefully she will hear it own  
every station that she knows  
itâ€™s almost over  
and i will show her  
what it means to be away  
frome somewones that should be closer

They donâ€™t know  
(They donâ€™t know)  
were weâ€™ll goâ€™  
(were weâ€™ll goâ€™)  
till its going away and hmm  
(going away and hmm)  
cuz they donâ€™t know(they donâ€™t  
know) were weâ€™ll goâ€™  
(were we weâ€™ll goâ€™)  
till its going away and hmm  
(till itâ€™s going away)
