S
You're nocturnal, only come out at night
And I'm learning all the ways you wanna ride
'Cause you're on the roam but not until the darkness
arrives
And I'm certain, I'll catch up to you one of these times
baby, oh

S (T)
Can I get my hands on you tonight? (I must be feeling
something)
Something tells me I'm in for a ride (I wonder if you see
me coming)
Can I get my hands on you tonight? (Tonight has got
me running)
Something tells me I'm in for a ride
(Right into your nitetime world, 'coz I'm a)

J & S
Nite runner - I think I'm falling for ya
Nite runner - your spell has put me under
Nite runner - whatcha gonna do with it now?
Nite runner, nite ah nite runner

S
Night scatters, when you walk into the room
On the shadows I can feel the heat in you
Should I be surprised? I see the possibility moving right
across to me
It all matters, when I'm getting close to you hey yeah,
oh oh

S (T)
Can I get my hands on you tonight? (I must be feeling
something)
Something tells me I'm in for a ride (I wonder if you see
me coming)

Can I get my hands on you tonight? (Tonight has got
me running)
Something tells me I'm in for a ride
(Right into your nitetime world, 'coz I'm a)

J & S

Nite runner - I think I'm falling for ya
Nite runner - your spell has put me under
Nite runner - whatcha gonna do with it now?
Nite runner, nite ah nite runner

S, J & T

Love it's haunting
she wanted to go, that's what she told me
Love it's haunting
she wanted to go, I can't-can't

J & S

Nite runner - I think I'm falling for ya
Nite runner - your spell has put me under
Nite runner - whatcha gonna do with it now?
Nite runner, nite ah nite runner
