I can tell you want to drink girl ya ain't gotta worry no more  
You keep my bottles cold and them pop em as soon as I walk in the door  
These dudes don't know me from adam eve that's why they can't mess up my flow  
And when this beat drop your heart stops you feel it from ya head to ya toes

If ya know that I'm talkin bout {hey girl}  
Let me see ya work it out {hey girl}  
Girl that's what I'm talkin bout {come on justin talk to em}

I got sexy ladies {ohhhh}  
All over the floor  
Ya talkin to one of the greatest {ohhhh}  
Who did it before  
Now I'm back with one of my lastest {ohhhh}  
Just lettin ya know  
That I got sexy ladies  
So back up some more  
And let me take it off

I know a little girly from uptown that's waitin just to cater to me  
I know a little betty from downtown that'll do anything that I please  
All my people that dance round whey they hear me rockin the groove  
Now It might sound cocky but is it really cocky if you know that it's true

If ya know that I'm talkin bout {hey girl}  
Let me see ya work it out {hey girl}  
Girl that's what I'm talkin bout {come on justin talk to em}

I got sexy ladies {ohhhh}  
All over the floor  
Ya talkin to one of the greatest {ohhhh}  
Who did it before

Now I'm back with one of my lastest {ohhhh}  
Just lettin ya know  
That I got sexy ladies  
So back up some more  
And let me take it off

Sexy sexy sexy walk that body  
Talk that body

Sexy sexy sexy walk that body  
Talk that body  
Sexy sexy sexy walk that body  
Talk that body  
Sexy sexy sexy walk that body  
Talk that body

Break it down  
Now move a little bit to the left  
Now move it back over here to the right  
Let me see you walk  
Yeah  
Let me see you walk  
Here comes your part girl

Sexy sexy sexy walk that body  
Talk that body {slow down girl}  
Sexy sexy sexy walk that body  
Talk that body {slow down girl}  
Sexy sexy sexy walk that body  
Talk that body {slow down girl}  
Sexy sexy sexy walk that body  
Talk that body

I got sexy ladies {ohhhh}  
All over the floor  
Ya talkin to one of the greatest {ohhhh}  
Who did it before  
Now I'm back with one of my lastest {ohhhh}  
Just lettin ya know  
That I got sexy ladies  
So back up some more  
And let me take it off
