I'm steppin out tonight  
I'm steppin out tonight

We're steppin out tonight  
We're steppin out tonight

i've got these feeling only  
there's something 'bout tonight  
my favorite girl just called me  
to see her right so  
i told her i'll be waiting  
inside to see her faces  
to touch my favorite places  
i'll run her waist  
and there's something 'bout the way that it moves  
where she wants it to move  
can't get my hands around  
so stop on my place when the dj starts to play her  
favorite groove  
cuz you know i'll be

I'm steppin out tonight  
I'm steppin out tonight  
movin' on  
ladies on the right  
ladies on the left  
all looking fresh  
but just to impress

We're steppin out tonight  
We're steppin out tonight  
people on the east  
people on the west  
north and south everybody everybody step step....
