I know you like it. I know you like it. I know you like it. I know you like it.

I know you like it. I know you like it. I know you like it. I know you like it.

I know you like it. I know you like it. I know you like it. I know you like it.

I know you like it. I know you like it. I know you like it. I know you like it.

Don't know why, but girl, I'm feeling close to you  
Maybe it's this ocean view, I'm so emotional and  
All these thoughts been dancing on my head  
For too long, too long, too long!  
And I wrote a song for you, I wanna sing to you  
But every time I'm close to you  
The words wanna come out, but I forget  
It's so strong, it's so strong, it's so strong!

Didn't I seem like I'm catching something?  
That's because it's true,  
And I can't deny it, and I won't try it  
But I think that you know!  
I look around and everything I see is beautiful  
Cause all I see is you!  
And I can't deny it, and I stand by it  
And I won't hide it anymore!

Bridge:  
A crowded room anywhere  
A million people around all I see is you  
And everything just disappears, disappears,  
disappears  
Yeah, a million people in a crowded room  
But my camera lenses only gets set to zoom  
And it all comes so clear, it comes so clear, it comes so  
clear!

I got that tunnel vision, for you  
I got that tunnel vision, for you  
I got that tunnel vision, for you  
I got that tunnel vision, I only see you  
I got that tunnel vision, for you

I got that tunnel vision, for you  
I got that tunnel vision, for you  
I got that tunnel vision, I only see you

Now that I know truth, what am I supposed to do  
Changing up and breaking all my rules ever since we  
met  
I'm so gone, I'm so gone, I'm so gone  
And just like a movie shoot, I'm zooming in on you  
Everything is extra, in the background, just fades to the  
set  
As we ride off into the sun

Didn't I seem like I'm catching something?  
That's because it's true,  
And I can't deny it, and I won't try it  
But I think that you know!  
I look around and everything I see is beautiful  
Cause all I see is you!  
And I can't deny it, and I stand by it  
And I won't hide it anymore!

Bridge:  
A crowded room anywhere  
A million people around all I see is you  
And everything just disappears, disappears,  
disappears  
Yeah, a million people in the crowded room  
But my camera lenses only gets set to zoom  
And it all comes so clear, it comes so clear, it comes so  
clear!

Chorus:  
I got that tunnel vision for you  
I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I only see you!  
I got that tunnel vision for you  
I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I only see you!

Zoom, zoom, zoom  
Zoom, zoom, zoom  
In on you, in, in on you!  
I only see you!  
Zoom, zoom, zoom  
Zoom, zoom, zoom  
In on you, in, in on you!  
I only see you!

I know you like it. I know you like it. I know you like it. I know you like it.  
I know you like it. I know you like it. I know you like it. I know you like it.  
I know you like it. I know you like it. I know you like it. I know you like it.  
I know you like it. I know you like it. I know you like it.. I know you like it..  
Beat box breakdown

A crowded room anywhere  
A million people around all I see is you  
Everything just disappears, disappears, disappears  
Yeah, a million people in a crowded room  
But my camera lenses only gets set to zoom  
And it all comes so clear, it comes so clear, it comes so clear!

Chorus:  
I got that tunnel vision for you  
I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I only see you!  
I got that tunnel vision for you  
I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I got, I got that tunnel vision for you  
I only see you!
