What you waiting for?  
I know you're watching me  
Hey boy, come on and take me now

What you waiting for?  
I know you're watching me  
Hey boy, come on and take me now

Can I talk to you for a minute?  
You've been looking all night for your shining star  
Well baby, here I am, so why you waiting?  
Step on over, let me show you how bad you are

Just let me take the lead  
All you gotta do is let your mind be free  
Let's hit the floor and cause a scene  
Get real wet if you know what I mean  
What you say baby?

(And she said)  
Take me now  
I'm hungry for your loving  
(And she said)  
Show me how  
You got me working, honey

(And she said)  
Right now  
I'm hot just like an oven  
(And she said)  
So take me now  
Boy, you make me feel like I gotta dance  
I gotta dance, gotta dance, baby, I gotta dance

I feel good to you, you try to hide it  
But I can tell by the way you push up close to me  
Your body temperature is arising  
Something's going down as far as I can see

Just let me take the lead  
All you gotta do is let your mind be free  
Let's hit the floor and cause a scene

Get real wet if you know what I mean  
What you say, baby?

(And she said)  
Take me now  
I'm hungry for your loving  
(And she said)  
Show me how  
You got me working, honey

(And she said)  
Right now  
I'm hot just like an oven  
(And she said)  
So take me now  
Boy, you make me feel like I gotta dance

You know  
Don't I?  
Say don't I make you feel like you gotta dance  
Once I get to know you?  
(No)  
I'm gonna show you  
(No)  
That there's no better way  
(Yeah)

Let's dance the night away  
(Yeah)  
I wanna control you  
(No)  
Just wanna hold you  
(No)  
Dance the night away  
So what you say, baby, what you say?  
(What you saying to me?)

(And she said)  
Take me now  
(Oh)  
I'm hungry for your loving  
(Hungry for you)

(And she said)  
Show me how  
(Oh)  
You got me working, honey  
(Got me working)

(And she said)  
Right now

(Oh)  
I'm hot just like an oven  
(Hot just like an oven)  
(And she said)  
So take me now  
Boy, you make me feel like I gotta dance

Like you gotta dance  
Like you gotta dance  
Like you gotta dance, no

Like you gotta dance  
Like you gotta dance  
Like you gotta dance, no

Here we go now  
Oh, oh  
Oh, oh  
Oh, oh  
Oh, oh

I'm like a hurricane  
Just coasting along  
You better grab me, girl  
I hope you take me now

I'm like a hurricane  
Just coasting along  
You better grab me, girl  
I hope you take me now

I'm like a hurricane  
Just coasting along  
You better grab me, girl  
I hope you take me now

I'm like a hurricane  
Just coasting along  
You better grab me, girl  
I hope you take me now

Take me now  
I'm hungry for your loving  
Show me how  
You got me working, honey

Right now  
I'm hot just like an oven  
So take me now  
Take me now  
Take me now

Take me now  
I'm hungry for your loving  
Show me how  
You got me working, honey

Right now  
I'm hot just like an oven  
So take me now  
Boy, you make me feel like I gotta dance
