Go ahead you fucking racist  
Pucker up and kiss the babies  
Kiss 'em till they die of rabies  
Get your tits out for the ladies

Summoned home from Barcelona  
Another day, another donor  
Two submissions or a coma  
Gutterpressville, Arizona

Follow that ambulance  
And when that ambulance stops  
Take every photo opportunity that knocks

Because you're popular  
You're beautiful  
The whole world knows your name  
But suppose you gave a funeral  
And nobody came

Here's the church  
Here's the steeple  
Open the doors  
Where's all the people?

Light up the sky  
With sub-standard fireworks  
Release the pit bull doves of peace

I've changed my mind  
About the mindless violence  
I'm happy doing porridge  
With the knowledge that at least

You may be popular  
You're beautiful  
The whole world knows your name  
But today you gave a funeral  
And nobody came

Here's the church  
Here's the steeple

Open the doors  
Where's all the people?
