Hello, good evening and welcome

to nothing much

A no holds barred half nelson

and the loving touch

The comfort and the joy

of feeling lost

With the only living boy

in New Cross

Fill another suitcase

with another haul

Of hotel towels and toothpaste

and the bathroom wall

Then wipe the lipstick heart and flowers

from the glass and chrome

Take five or six hot baths and showers

and come on home

To the comfort and the joy of feeling lost

With the only living boy

in New Cross

I've teamed up with the hippies now

I've got my fringe unfurled

I want to give peace, love and kisses out  
to this whole stinking world  
The gypsies, the travellers and the thieves  
The good, the bad, the average and unique  
The grebos, the crusties, the goths  
And the only living boy  
in New Cross  
Eyes down and I'll keep you up to date  
Two fat ladies 1988  
The safe sixteen lovers who lied  
Purleys' queen and mother makes five  
Butchered bakers, deaf and dumb waiters  
Marble arch criminals and clause 28'ers  
Authors, authors, plastered outcasts  
Locked up daughters, rock'n'roll stars  
Goodbye Rudy, David and Rosie  
Abraham and Julianne  
and everyone else who knows me  
The gypsies, the travellers and the thieves  
The good, the bad, the average and unique  
The grebos, the crusties, the goths  
Hello, good evening, welcome  
and Goodbye
