I'm in love with my wife

Double beds, the Lemonheads, scrambled eggs and
life

Let's make it open season on all the racists

And the bigots and their chums

And not just as a reason for a Christmas number one

CHORUS

We're not the world

We don't belong

We're boy meets girl

Boy writes stupid song

The words are dumb and so's the tune

Under the thumb

Over the moon

And if this sentimental silly love song makes you choke

You can block your ears up and stick your fingers down
your throat

Because I don't care it's a beautiful morning

And if the sun shines sometimes...well...

CHORUS
