If I ever feel, like I'm needing you,  
All I have to do is mouth the words  
to our favorite song, you know it makes me strong.  
I want you and I never felt so sure.

When I'm gone you know it feels like a long long time,  
Since I met you then left you.  
Everyday you know it feels like I'm losing my mind,  
So baby remember,

~CHORUS~

I'll never forget you, I just wanna let you,  
take every little piece of me.  
Baby I mean it, like you've never seen it,  
it feels like I'm losing myself in you.

You made me understand, the one I need is you.  
Now I know that I don't wanna be alone.  
I've got a better plan, be your miracle man,  
and make you feel like a queen on your throne.

When I'm gone you know it feels like a long time,  
since I met you and left you.  
everyday you know it feels like I'm losing my mind,  
so baby remember,

~CHORUS~

I'll never forget you, I just wanna let you,  
take every little piece of me.  
Baby I mean it, like you've never seen it.  
It feels like I'm losing myself in you.

There's so much more left for us to do,  
I wanna do it with you.  
I spend each minute just thinking bout you,  
until you're here next to me.

~CHORUS~

I'll never forget you I just wanna let you,  
take every little piece of me.  
Baby i mean it like you've never seen it.

It feels like I'm losing myself....

I'll never forget you I just wanna let you,  
take every little piece of me.  
Baby I mean it, like you've never seen it.  
It feels like I'm losing myself in you.
