There's a girl that I want to be mine  
I want to have her all the time.  
I'm gonna make her see what's here,  
So she will always be near.  
We laugh about snickers bars,  
She's gonna be a tv star.  
And her style's just too tight,  
Yeah well that's how I could be right.

But any day now, in some old fashioned way,  
I'm gonna let her know, her profile makes me smile.  
And any day now, in some old fashioned way,  
I'm gonna let her know, her profile makes me smile.

She loves to shop and she's love my ring,  
One day I'm gonna take her skiing.  
Cause you know we can always have fun,  
If it means we don't have to run.  
She can't but say things twice,  
Well I can't help to say things twice.  
And Dr.Suess, she likes to read him,  
She loves listening to .....

And any day now, in some old fashioned way,  
I'm gonna let her know, her profile makes me smile.  
And any day now, in some old fashioned way,  
I'm gonna let her know, her profile makes me smile.

Any day now, in some old fashioned way,  
I'm gonna let her know...  
Well any day now, in some old fashioned way,  
I'm gonna let her know, her profile makes me...

And now that you've heard this song I hope you think of  
me  
And when you hear this song I hope it makes you see  
That the one who sings this song is only here to be  
A short supply of what you need.

Any day now in some old fashioned way,  
I'm gonna let her know, her profile makes me smile.

Any day now, in some old fashioned way,  
I'm gonna let her know, that I will make her smile,  
Yeah I will make her smile, I'm gonna make her smile.  
Oh please won't you let me make you.....
