Romeo Romeo where for art thou Romeo (x4)
It's friday night and I'm waiting for my friends to come
So I'm standing in a bar all by myself
There's a boy who's caught my eye too many times
I don't think that tonight sees me up on the shelf
He's walking over to me now
His chat up lines are coming out
I've heard them twice or more
Have we met somewhere before

All you girls are gonna know what I mean
You meet a new man swears he's the one of your
dreams
He may be exactly all that he seems
But don't believe the hype

Oh Romeo Romeo where for art thou Romeo
This one could be different to the other guys
Shall I give the benefit of the doubt
But I hear a voice inside my voice protest
She's saying we've been over this
Just cos he's caused a stir
Doesn't mean he'll rock your world

All you girls are gonna know what I mean
You meet a new man swears he's the one of your
dreams
He may be exactly all that he seems
But don't believe the hype

You've got to wait til dawn
See if he rings true
Because the light of the sun's brighter than the moon
Sure enough he may be made for you
But don't believe the hype

Romeo Romeo where for art thou Romeo (x4)

Come on now
All you girls are gonna know what I mean
You meet a new man swears he's the one of your

dreams
He may be exactly all that he seems
But don't believe the hype
You've got to wait til dawn
See if he rings true
Because the light of the sun's brighter than the moon
Sure enough he may be made for you
But don't believe the hype
The way I do
Can break your heart in two
Don't let it happen to you
Don't believe the hype
Don't believe the hype
