Well i tried to tune you up
Like my guitar but
I've never had much luck
With playing heart strings

Well i know
No i hope
That your the one that i'm dreamin of
And i've waited for so long
To wake up and hear you

Say you'll let me take you anywhere
Say i drive you wild all the time
Say you'd do almost anything
Say you'll never change

Well i can't wait to believe
That you could be perfect
That i'll have everything
And nothing will stop me

Well i know
You will be the one who understands me
And i've waited for so long
To finally hear you

Say you'll let me take you anywhere
Say i'd drive you out all the time
Say you'd do almost anything
Say you'll never change

I hope you wouldn't mind
Sleepin sideways
And i hope you find the time
To do things my way

Say you'll let me take you anywhere
Say I drive you wild all the time
Say you'd do almost anything
Say you'll listen to my music
Say you'll sing along with every word

Say i'm not askin too much

Say you'll let me take you anywhere
Say i drive you wild all the time
Say you'd do almost anything

Say you'll never change
Say you'll never change
Say you'll never change
