Gal you never saw the signs
All you ever did was fight
Things aren't all what they seem (they seem)
Now his found another bride
I can see it there inside
All this pain that you keep

Chrs
This time I'll be what you really need in your life
And I wanna tell you what's my heart

Oh forever gal is starting tonight
I'll be what you really needed tonight
You're my world you're my fire (fire)
You're the one I've been waiting to come on to
You're my world you're my fire (fire)
Can you make it on time (come on baby you can get it
what you think about that)

You're my world, ur my fire
You're my life, ur my fire
You're my soul, ur my fire
(Come on baby you can get it what you think about that)
You're my world, ur my fire
You're my life, ur my fire
You're my soul, ur my fire
When you're close to me I'm on fire

I don't wanna see you cry
So can we try to make it right
I don't want you to leave (to leave uh)
Girl you need a better life
Come and see the other side
When you're right here with me (Come on)

Chrs Repeat x 4
This time I'll be what you really need in your life
And I wanna tell you what's my heart

Oh forever gal is starting tonight
I'll be what you really needed tonight
You're my world you're my fire (fire)

You're the one I've been waiting to come on to
You're my world you're my fire (fire)
Can you make it ontime (come on baby you can get it
what you think about that)

You're my world, ur my fire (ah)
You're my life, ur my fire (ah)
You're my soul, ur my fire
(Come on baby you can get it what you think about that)
You're my world, ur my fire (come on)
You're my life, ur my fire (ah)
You're my soul, ur my fire (yeah)
When you're close to me I'm on fire (ah ah ah)
