There's a girl I want to be mine  
I want to have her all the time  
I'm gonna let her see what's here  
And make sure she'll always be near  
We laugh about Snickers Bars  
She's gonna be a T.V. star  
Out of style is just her type  
And that's why I could be right

Chorus:

Any day now  
In some old fashioned way  
I'm gonna let her know  
Her profile makes me smile  
(I'm gonna make her smile)

She likes to shopw and she loves her ring  
One day I'm gonna take her skiing  
You know we can always have fun  
If it means we have to run  
She can't help but say things twice  
I can't help but say things twice  
Dr. Seuss, she likes to read him  
She likes listening to Atheneaum

Chorus x2

I hope you heard this song and it did not make you  
mad  
I hope you heard this song I hope you love this song

Chorus:
