You don't know what you do to me,
But do you really care
You left me standing here,
On the edge of nowhere
All the things I should say to you,
But the words can't be found
All alone I'm searching for you,
But your not around

Well and all my life,
I dreamed of someone like you,
And all this time, I never knew

That a person could be so cruel,
Cuts like a knife when I think of you
Hear a song and it plays in my head,
Looking for love but it's already dead
Every time I'm reminded of you,
In everything you do
You don't know what you've done,
You don't know what you've done

Well and all my life,
I dreamed of someone like you,
And all this time I never knew
I never knew
Don't know what I saw when I looked into your eye,
Your curiosity took me by surprise
Now I see the deception, all the lies
How alone you must feel, in your own demise
In a loveless word, in a friendless world,
In this crazy world
Every breath you take, every song you make,
Every heart you break, you lack the soul

My heart cries for you, for the emptiness inside,
How you must long to feel
Something real

Ooooooh, ooooooh
You don't know what you've done.
