[Hook]

Bitch I'm married to the block, she said I do, I said I do
I'm the man around this area
Now who the fuck is you, who the fuck is you?
Who the fuck is you
I don't know you gef around me nigga
Who the fuck is you
You get your money in the ghetto
Bitch I'm in the ghetto too
I ain't started with the action
Nigga who the fuck is you
Who the fuck is you, who the fuck is you
I don't know you gef around me nigga
Who the fuck is you

I told you niggas I was built for it
These other niggas getting killed for it
My pockets prainted and they bout to pop
These dirty 6's ain't big enough to hold my gwap
True religion jeans busting at the scene
Just tell me what you need cause I got everything
I spend all my hoes like a fine
She wanted some new shoes I bought her every kind
I'm getting money now you kissing ass
I photoshopped you niggas out the pictures fast
I grew around you just gunning through
I know who I am now who the fuck is you?

Who the fuck is you

I'm married to it, I'm talking matrimony
And we don't talk about the boss or paying alimony
High speed, with 20 on an autometer
I got the cheese without the set don't need a autoeater
It seems to me you following your order leader
I give a bitch an apple and she give a whole meter
A soldier leader always takes care of his army
And I got enough to shower my area only
... donna... till the death of me
Commander ballast bitch I got that recipe
So what you water for them gotta prove
Niggas know me running biz now who the fuck is you
