One thing about a ghost, keeps shit up a sleeve
Juve and skip attack the boards, while I plug 'em wit 3's

Every stash spot I got, I stuff it wit G's
Don't need a chain or a whip to snatch me a freak
I'd rather ride around in my hooptie blowin' on trees
With two heaters in my lap bumpin' 400 degrees

I on rock wit Juvenile, what clown? datz my dawg

If I catch you on my porch, you gon' die by dat
Right there, by them leaves, you can lie by dat
On side of dat dog, doo, doo, you can dry like dat

'Cause this is payback for anyone who eva said dat
Look, I'm safe wit this vest gon' get his head packed
Or get his face slashed, get his neck jooked
Look in my face, this how death look

If ya deaf look, I won't play witcha

My court way don't have no life, we don't have nothing
But shootouts and murdas, we don't have no fights ya
know

You need a chance I'ma show ya a lick, have em' gift
wrapped
And Packed and sent out to his bitch
Hope his face be a diary lookin' for a way out
Believing in the gun but I know one day it's gone play
out

Trust me here 'cause this is UTP day now
When we hit the projects you know the rain gone faze
out
Wavin' them rags, stayin' close to the stash
My bitch gone put it in the bags when the popos pass

But they gone fuck with me anyway 'cause they know
my mag
And they really don't appreciate the way I brag
I've got 50,000 dollars in my grill 'cause I stay
Juvied worry 'bout me, don't you? Worry 'bout, what a
bitch do
