JS-We Rising Stars, We Droppin Bars

MS- Drivin them fancy cars

MD-Infectious Like Sars

CT-MVPS like Kareem Abdul Jabbar

MD-You know who we are

JS-'Cause we rising stars!

(Verse 1 - Juwan Shahir)

Almost a year, into this rap game

And I got enough fame, it's a shame to see that

These MC's got no brains, and it's plain to see that

They just playin', and it's plain to see that it's just an  
affair and

I'm gonna keep doin' my thang, with my main gang

Usin' that same slang, and the same game plan

Put on the fan, it's hot in here

Bring some rocks in here, so hot don't even get near

You below freezing, I'm above expectations

Its advised that you go roll with Satin

I'm murderin' this track with no evidence left

The look on your face looks like you just got caught for  
theft

Extraordinary, Flawless and I'm ready

Think you can go neck and neck with me? I got it  
twisted like spaghetti

We rulin' the city like Tommy Vercetti

No time to celebrate, put out that confetti

(Chorus 2x)

(Verse 2 - MD)

We da SouthSide Boyzz, We rollin in da benz, on 26  
rims  
Got them Franchise boyz, throwin them toyz  
That's how we do, With candy paint cars  
And the Cadillac be pullin up from them starz

Trust me, You don't wanna mess with us  
And We go far, cause we the rising stars  
I ain't gonna take time to commit a crime  
I know my song is a disease, like them killer bees

Don't worry, just hurry see the future you can see me  
Watch me get out my Rolls-Royce  
I can hear my fans voice  
I got the Ice on my fingers and my rocks on my chest

Y'all can't resist a rapper like this,  
Respect our song, We keepin' It real  
We can get any girl, from my neighbor, To Jessica Biel  
Got all the money, so we don't needa steal  
(Chorus 2x)

(Verse 3 - CT Scoop)

I go back to my first year in the business  
Yea i was a rookie, but i was good nonetheless  
Started out lost, confused with nothing to do  
Then Juwan picked me up, and gave me a clue

It's my second year now, Yea I'm a veteran man  
Much better and skilled then when i joined this clan  
I've gone really far, beaten by far  
Even those rockstars with their little guitars

Tourin' around the world with Juwan Shahir  
Gettin down with France, my blooming point is near  
I can feel it, I'm goin' all the way, all the way to  
Aftermath  
All I have to do is plan the right path

I can get my hits on the top five, I can make it across the  
ocean without takin' the dive  
If someone disgraces me while I'm live, They'll be lucky  
after 5, If they're still alive  
I'll go all the way to the next bar, 'cause we won  
The only Rising Stars!

(Chorus 2x)

(Verse 4 - Master Shan)

Time is money, Don't just keep wastin' it on honeys  
Ima keep lettin my rhymes go, always keep a steady  
flow

You can be a high-class richass  
Always havin the newest kicks and always havin the  
cash

But a low-class piece of trash, can drop a kickass track,  
better then your snobby ass

You think your a perfectionist, but all I need is a mic  
And I'll show you one of my famous magic tricks  
Sign with a label, but if I get declined, It'll be a hard hit

You got no rhymes so stop talkin bullshit  
You better quit before I start it  
I gotta get paid, kick back in a mansion with many  
maids  
Yo candy paint everywhere, it's a haze

The blueprint of my house is similiar to a maze  
You'll feel so hot you'll be caught up in the blaze  
Yea through this rap game I'm goin through my phase  
I leave my fans and haters in a daze, my music related  
to tobacco 'cause it's a crave

(Chorus 2x)
