[Intro:]

Ohhhh. yeahhhh.

My baby...

Ohh ohhh oohh.

[Verse 1:]

Never in my wildest dreams this day would come to me.

When I found out girl, all this time you been playing me,

And I feel the worlds so cold...

Like it's falling down on me,

And I try so hard to let it go but I feel,

[Bridge:]

I need a brand new start,

A newly recovered heart,

Though I'm tempted girl to call you up, and forgive, and ask you back,

And I know it ain't the way to go, but I feel it's the only way out,

I'm so confused, it's tearin me apart.

[Chorus:]

I hate love,

Stay away from me,

First you come in, then you stay, now you leave,

I hate love,

It's so complicated

It feels like everyday, that it cuts me so deep.

That's why I hate love

[Verse 2:]

I trusted you, I told you things no one else knew,

You were my other half,

My baby girl, neva place you last,

So why'd you do this to me,

I thought I gave you, what you need,

It's killin me, tell me what I gotta to do babyy...

[Bridge]

[Chorus:]

I hate love,
Stay away from me,
First you come in, then you stay, now you leave,
I hate love,
It's so complicated
It feels like everyday, that it cuts me so deep.
That's why I hate love

[Break down:]

Tell me girl
If I forgave you
Would you change for me.
Would you earn the trust you took from me,
Gradually
I need to know this time, you ain't gonna play games.
This time around trust me, it ain't gonna be the same.
All my friends be telling me, that I'm so dumb
To consider takin u back
But what they don't understand
I'm lost with out you,
I don't know what to do,
You can call me a fool,
Damn, I hate love,

[Chorus:]

I hate love
Stay away from me,
First you come in, then you stay, now you leave,
I hate love,
It's so complicated
It feels like everyday, that it cuts me so deep.
That's why I hate love
