When you said I owe you
It was sad
But I see how empty
You are at your core
So there's no hard feelings
I know that I'm meant for so... much more

I gave and did above what I had to
So forward,
No more to prove
I'm free to fly
And that is exactly
What I'm gonna do

Cause I
I'm right here standing
That's how I know I can withstand
Anything that may come
A wind or a fall
I can soar

I know I can't go back
To that dark place
I want your love so damn bad
You took from me only
Blindness to what I've always had

I gave and did above what I had to
So forward,
No more to prove
I'm free to fly
And that is exactly
What I'm gonna do

Cause I
I'm right here standing
That's how I know I can withstand
Anything that may come
A wind or a fall
I can soar

Cause I

I'm right here standing
That's how I know I can withstand
Anything that may come
A wind or a fall
I can soar

Listen I know tomorrow
It's the key to any sorrow
That's why it's all okay
Then, now and always

Cause I
I'm right here standing
That's how I know I can withstand
Anything that may come
A wind or a fall
I can soar

Cause I
I'm right here standing
That's how I know I can withstand
Anything that may come
A wind or a fall
I can soar
I can soar
