I tried hard to kiss you, still I,  
And through the day my fingers bleed.  
Until you prove, you're no sinner,  
You're the rage, all the rage.  
You're a messed up, cracked individual,  
You're the rage, all the rage, all the rage.  
You're the beast that makes me get physical,  
You're the rage, all the rage.  
Well you can smoke your single skinner,  
Making all your music, play.  
Did you hide, or did you get her,  
You're the rage, all the rage.  
You're a messed up, cracked individual,  
You're the rage, all the rage, all the rage.  
You're the beast that makes me get physical,  
You're the rage, all the rage
