Song by Cats Don't Dance

[Danny, spoken]

Come on, everybody, gather 'round  
Don't let this old town get you down  
Look at you there with the long, long face

[Horse]

Hey! He must be talkin' to you!

[Danny, spoken]

You take this and you take that  
C'mon over here, T.W., put on this hat  
If we all work together, we can make our dreams come true  
Let's show the world what we can do  
Pudge?

[Pudge, spoken]

Yeah!

[Danny]

I got rhythm  
In my feet  
I got rhythm in my heart and soul  
I got rhythm  
Hot and sweet  
Sometimes rhythm makes me loose control  
Ha cha ta cha chow

I want everyone  
To have all the fun  
That I have  
I got rhythm  
So do you  
Let's turn it on and show 'em what we can do!
