Song by Cats Don't Dance

[Danny, spoken]

Hey everybody gather 'round!

Don't let this old town get you down!

Look at you there with the long long face

[Horse]

Hey! He must be talkin' to you!

{Danny, spoken}

You take this and you take that!

C'mon over here, D.W., put on this hat!

If we all work together we can make our dreams come true!

Let's show the world what we can do!

Pudge?

(yeah!)

I got rhythm!

In my feet!

I got rhythm in my heart and soul!

I got rhythm

Hot and sweet

Sometimes rhythm makes me loose control!

Hotcha! Cha! CHOW!!

I want everyone

To have all the fun

That I have

I got rhythm

So do you!

Let's turn it on and show 'em what we can do!!
