[Danny]

Excuse me ladies and gentlemen  
If you would be so kind  
Got someone very special here  
She's 'bout to speak her mind...

[Sawyer]

I gotta song to sing  
If you don't like my song I'm gonna sing it anyhow!  
I gotta dream in my heart!  
Yeah! Nothin's gonna stop us now!

[Both]

Take 4 and 20 black birds  
And bake 'em\* in a pie  
Before you put 'em in the oven, man\*, you know they're  
gonna fly

[Danny]

Say curiosity killed the cat?  
I'm livin' proof that that's a lie!

[Both]

Now I'm gonna tell you why!  
Yeah! Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us now!  
Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us now!

[Sawyer]

And if I wanna dance I'll dance!  
(She'll dance! )  
Just as long as the law will allow!  
Dance and sing all night long!  
Cus' nothing's gonna stop us now!

Yeah! Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us

Yeah!

[D.W]

You smell that? Well, that's the smell of danger!  
The smell of danger is my middle name  
I've been very quiet  
But I've got a lot to say, believe me!

[Farnes and Cranston]

You ain't goin' with us then stay out of our way!

[Tilly]

Oh, been knocked down, put down,  
Locked down, shut down, held down, fell down every  
time!  
Push back, push back, Hey all! C'mon back!  
When you got yours you musta got mine!

Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us now!

[Sawyer and Danny]

I gotta feeling inside!  
Ooooh and it's love! Without a doubt!  
Oh I got someone I'm crazy about!  
Nothing's gonna stop us now!

Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us now!  
Nothing's gonna stop us  
Nothing's gonna stop us  
Nothing's gonna stop us now!
