"Close Your Eyes"

Visit "[Close Your Eyes](#)" on MotoLyrics.com

If I were near you would you feel me there?
Could you feel me moving softly through the air?
Lay me down and still your mind say nothing, nothing
Now close your eyes.

I will never leave
Iâ€™m a dream that answers to you.

If I were near you would you feel me there?
Say nothing, nothing now, close your eyes
Close your eyes, close your eyes, close your eyes.

--- Instrumental ---

I will never leave
Iâ€™m a dream that answers to you
Close your eyes, close your eyes, close your eyes,
close your eyes...

--- Instrumental to fade ---
