When I spoke to you  
I spit it out with honest tongue now  
(Didn't I)

And all I got from you  
Was this thread of hope that I hung to  
(Didn't I)

For all the times I could let go  
I dangled there to let you know, now didn't I  
(Didn't I)

Ooh, I spoke to you  
You took away what I clung to  
Ooh, didn't I

Ooh, didn't I, didn't I, didn't I  
Didn't I love you baby, baby

Ooh, didn't I, didn't I, didn't I  
Didn't I love you baby, baby

How long till I panic  
How long do I wait, ha

For all the times I could let go  
I dangled there to let you know, now didn't I  
(Didn't I)

Ooh, didn't I, didn't I, didn't I  
Didn't I love you baby, baby

Ooh, didn't I, didn't I, didn't I  
Didn't I love you baby, baby

How long till I panic  
How long do I wait  
Do I wait  
Do I wait  
Ooh
