"Pine and Stew"

Let's settle down
The world won't stop spinnin' round
We'll get out of this mess-
Wait and see.
Wait and see is that what you'll do?
you think I'm mental in anguish over you?
Does the fact that we may die urge you to pine and
stew?
Do you think I'm mental in anguish for you?
I can't lie beneath the sky
concern of mine is you.

(Tell me that your tan is via the sun.)
Tell me that the plan won't hurt anyone.

OOOOOh...

We will get out of this mess
wait and see
Wait and see is that what you'll do
you think I'm mentally anguished for you
Does the fact that we may die urge you to pine and
stew
Do you think I'm mentally anguished over you?
I can't lie beneath the sky
concern of mine is you
No, I can't lie beneath the sky
concern of mine is you
think I'm mental
