Sorry I know I'm not suppose to say this,
but it's been killing me, so I'm about to say this.
But i see you girl up in the club,
walking with your boyfriend, think I'm in love.
He looking at me, I'm looking right back, but I'm
looking past him, she looking right back.
Like she wanna get freaky with me,
I'm off that patron so I'm like "okay".
'Cuz she rocking them fresh feindi's that
I like, walk like I like, talk like I like.
She walked up and kissed me in the VIP,
close to him, means close to she.
I know who I am and I'm not confused,
but tonight she make me wish I was a dude.
I like your girlfriend,
and i think she's into me too.
I like your girlfriend,
even though you think i'm talking about you.
I like your girlfriend,
and i know why we caught each other's eye.
I like you girlfriend, girlfriend, girlfriend, girlfriend.
One mo shot of this shit
that I'm drinking and I'm gonna be all up in her ear
singing.
But you don't know what I been thinking,
but I know that she thinking what I've been thinking.
Shots with your boys, while your girl is dancing.
All up on me, man, your girl is dancing.
Looking in my eyes, like fuck them guys.
A crazy connection, and I don't know why
my body sends me to the VIP.
Close to him means close to she.
I know who I am and I'm not confused,
but tonight you make me wish I was a dude.

I like your girlfriend,
and i think she's into me too.
I like your girlfriend,
even though you think i'm talking about you.
I like your girlfriend,
and i know why we caught each other's eye.
I like you girlfriend, girlfriend, girlfriend, girlfriend.

If you found love in a club,
put your drinks up.
If you looking good and don't give a what,
put your drinks up
I'm feeling real good, feeling sexy tonight
Gotta switch it up or I might just try
Plus she all on me and it feels so right
I just might, Tonight
I like your girlfriend,
and i think she's into me too.
I like your girlfriend,
even though you think i'm talking about you.
I like your girlfriend,
and i know why we caught each other's eye.
I like you girlfriend, girlfriend, girlfriend, girlfriend.
