Turn the music up, oh, up, up, up  
A little louder, yeah

See I done had a lot of dudes, and done I broke a few hearts  
I had my share of women  
But they never really showed me  
How to love, mmm, how to love  
I done had a lot of ballers that's willing to spend whatever  
When I spent the money, I still didn't have it together  
I realized, that money's temporary,  
Now I wanna settle down, now I wanna get married

Tried to date a dentist, saw him every weekend  
Tried to ignore the fact that he had a girlfriend  
That's fucked up, he already was in love

Then I thought I was a lesbian  
And got a girlfriend, the bad bitch was crazy  
And she hopped up on my benz  
She done ran up to L A, now she fucking my best friend  
I swear on my life I'll never date a chick again

Then I tried to date a rapper, no offense you still dope  
But how I'm supposed to get to know you when you  
texting quotes?  
You too deep, have some fun, just breathe

See I done had a lot of dudes, and I done broke a few hearts  
I had my share of women  
But they never really showed me  
How to love, mmm, how to love  
I done had a lot of ballers that's willing to spend whatever  
When I spent the money, I still didn't have it together  
I realized, that money's temporary,  
Now I wanna settle down, now I wanna get married

Damn I used to date a singer, I thought it was love  
I thought I was fun,

And I know that he care about me  
But that really ain't enough,  
Cause I just really miss him much, miss you much

Then I used to date a boxer,  
He went and married a stripper  
Then I saw her face and remembered we used to tip  
her  
That's fucked up, damn, that's really fucked up

Hey, then I dated this pussy who thought that he was  
diddy  
But they shot that shit down, no more his committee  
But next time I'll be a little smarter  
Even out my budget try to keep up with the Carters  
And I just need y'all to know  
I'm far from usual, usual  
And, I hear all y'all talking, and haters too  
I don't give a fuck about you  
Stupid bitch, and I don't know when my album coming  
out  
What the fuck  
But I'm not giving up,  
I'm not a slop, your mama is  
And I ain't babying y'all men  
Ain't got but one kid  
And I don't get child support for that one, why not, why  
not?
