My life is changing, yeah, changing,
People around me don't phase me, cause I'm changing
Yes I'm feeling crazy,... take me
All that I've been through, I'm doing it for you
Cause my life is changing, changing,
Cause my life is changing, changing
My life is changing, changing, changing

Seem tired of these dark clouds, trying to see the sun
up
I was on my way down, now I'm on the come up
People say I'm different, but I be like
So what? So what? Grow up
Not perfect but you know what
My past had to die in order for me to live
Things had to be taken from me till I learnt to give
And now, I'm on the path to redemption
I want everything that I deserve and...

My life is changing, yeah, changing,
People around me don't phase me, cause I'm changing
Yes I'm feeling crazy,... take me
All that I've been through, I'm doing it for you
Cause my life is changing, changing,
Cause my life is changing, changing
My life is changing, changing, changing

I did done some thangs that y'all wouldn't believe
I barely recognize the person I used to be and now
I realized my victory is in front of me
Look at what has become of me
Peoples are trying to run from me

Cause I ain't no longer killing myself
... felling myself
... but it ain't bout no wealth
It's all about the ones who said I couldn't do it
Deep inside,

My life is changing, yeah, changing,
People around me don't phase me, cause I'm changing

Yes I'm feeling crazy,... take me
All that I've been through, I'm doing it for you
Cause my life is changing, changing,
Cause my life is changing, changing
My life is changing, changing, changing

I apologize for the tears that you cried
To my child... when you look at me, I'm perfect in your
eyes
But I'm changing for the better, say... together
Cause prayer changes things, and it sure to change
me
I apologize for the tears that you cried
To my child... when you look at me, I'm perfect in your
eyes
But I'm changing for the better, say... together
Cause prayer changes things, and it sure to change
me

My life is changing, yeah, changing,
People around me don't phase me, cause I'm changing
Yes I'm feeling crazy,... take me
All that I've been through, I'm doing it for you
Cause my life is changing, changing,
Cause my life is changing, changing
My life is changing, changing, changing.
