[feat. Akon]

I won't take off your mp3 adress untill you tell me yes
That you received my text, now you got the sack
I wanna mp3 me&you;, I want your laptop, go ahead &
down low baby
I wanna mp3 me&you;, straight from my heart drop
into ya somewhere
And let you know I care
I wanna mp3 me&you;, I want your homescreen, your
computer somewhere
I'll let you know I care
I wanna mp3 me&you;, this is the internet addition and
ladies
I wanna mp3 you me

Boy come on, give me your love cause I want it, I need
it
Boy you turn me on, turn me on and turning off my
phone, off my phone
Push, push, pushing on your keys, touching on your
mouse
Imagine you and me runnin through your house
I'll be givin you the business yeah
As if we trynna make some childrens oh, oh, oh, oh

I wanna mp3 me&you;, I want your laptop, go ahead &
down low baby
I wanna mp3 me&you;, straight from my heart drop
into ya somewhere
Gotta let you know I care
I wanna mp3 me&you;, I want your homescreen, your
computer somewhere
I'll let you know I care
I wanna mp3 me&you;, this is the internet addition and

Who can do your body like me, bet you say nobody

Always typing on pc, cause she's a homebody
Girl step into my chatroom everytime you think of me
And I'll give right back to you so expeditiously
Pushing on your keys, touching on your mouse
Imagine you and me runnin through your house
I'll be givin you the business yeah
As if we trynna make some childrens oh, oh, oh, oh

I wanna mp3 me&you;, I want your laptop, go ahead &
down low baby
I wanna mp3 me&you;, straight from my heart drop
into ya somewhere
Gotta let you know I care
I wanna mp3 me&you;, I want your homescreen, your
computer somewhere
I'll let you know I care
I wanna mp3 me&you;, this is the internet addition and
ladies
I wanna mp3 you me, oh, oh, me, oh, oh, me, oh, oh
I wanna mp3 you me, oh, oh, me, oh, oh, me, oh, oh
I wanna mp3 you me

All my loneliness, boy I'm needing your love
And you're the perfect type of man
Any woman would touch, any woman would kiss, any
woman would love
I'm online baby at chat sky, computer love and all
through the night
Boy you know it ain't the same as you being here
So boy tell me what you'd do if you were laying here,
yeaaah

I wanna mp3 me&you;, I want your laptop, go ahead &
down low baby
I wanna mp3 me&you;, straight from my heart drop
into ya somewhere
Gotta let you know I care
I wanna mp3 me&you;, I want your homescreen, your
computer somewhere
Gotta let you know I care
I wanna mp3 me&you;, this is the internet addition and
ladies
I wanna mp3 you me, oh, oh, me, oh, oh, me, oh, oh
I wanna mp3 you me, oh, oh, me, oh, oh, me, oh, oh
I wanna mp3 you me.
