My heart's been broken more times than I can count. I wish I could love, but I don't wanna be let down. Cause nobody wants to be lonely, I know there's a man out thee for me.

He'll turn my dark nights to beautiful mornings. That's not too much, that's all that I'm wanting.

It's just another day alone, just me and my pillow
Nobody to tell me "Good Morning" or "Have a good day."

It's just sheets here

It's just another day alone, don't wanna wake up alone

It's cold in my bed, just me and my pillow

Why my girls the brides, and I'm always they
bridesmaid?

And why I always catch the bouquet, but never seem to see the day?

Cause I ain't tryna be out here lonely, I need a good man to hold me

He can fill this space in my bed, somewhere to lay his head

That's not too much, that's all that I'm wanting

It's just another day alone, just me and my pillow
Nobody to tell me "Good Morning" or "Have a good day."

It's just sheets here

It's just another day alone, don't wanna wake up alone

It's cold in my bed, just me and my pillow

I don't think y'all hear me, I just wanna be loved
So tell me what's wrong with not wanting to be alone?

I need you, I need you, I need you

Come home to me

You can fill the space in my bed, come here and lay your head

That's not too much, that's all that I'm wanting

It's just another day alone, just me and my pillow
Nobody to tell me "Good Morning" or "Have a good

day."
It's just sheets here
It's just another day alone, don't wanna wake up alone
It's cold in my bed, just me and my pillow
