"Guardian Angel"

Visit "[Guardian Angel](#)" on [MotoLyrics.com](#)

if you wanna be my guardian angel
just slap your wings and
let me see you can fly
if you want to let me out of danger
just come to me and don't you never
let me cry

if you wanna be my guardian angel
my guardian angel
my guardian angel tonight
and take me far away tonight

if you wanna be my guardian angel
just slap your wings and
let me see you can fly
if you want to let me out of danger
just come to me and don't you never

let me cry

if you wanna be my guardian angel
my guardian angel
my guardian angel tonight
and take me far away tonight

if you wanna be my guardian angel
just slap your wings and
let me see you can fly
if you want to let me out of danger
just come to me and don't you never
let me cry

if you wanna be my guardian angel
my guardian angel
my guardian angel tonight
and take me far away tonight x2
